

## NEW EXHUMATION PHASE FOR GRAVES AT BLOCKS 3A, 3B, 3C, 3D, 3E, 14E, 14F, 14G, 17, 18 AND 19 WITHIN THE CHOA CHU KANG CHINESE CEMETERY

In 1998, the Government announced the burial period for all graves within Choa Chu Kang (CCK) Cemetery would be limited to 15 years to ensure the sustainability of cemetery land use. Hence, graves that are 15 years or older would be progressively exhumed over time to free up land to allow development of new burial plots. Since 2004, CCK graves have been progressively exhumed, in phases.

The affected graves under CCK Phase 9 exhumation programme are located at BLOCKS 3A, 3B, 3C, 3D, 3E, 14E, 14F, 14G, 17, 18 and 19 within the CCK Chinese Cemetery (please refer to location map).

### Important Information on Exhumation and Cremation by NEA

#### Exhumation

1. All graves will be exhumed individually by a contractor engaged and supervised by NEA, with physical exhumation to be carried out after June 2026.
2. The claimant and relatives who wish to witness the exhumation may do so on the scheduled date of exhumation.
3. The exhumed remains will be cremated at Choa Chu Kang Crematorium on the same day.

#### Options after cremation

4. The claimant may opt for the cremated remains to be either:
  - (a) stored in a Government columbarium, subject to availability. NEA will allocate a standard niche. Claimants can opt to choose the location of the niche within the selected Government columbarium upon fee payment of \$250 (as of 30 October 2024) per niche location.
  - (b) scattered at an inland ash scattering facility or at sea by NEA's appointed contractor.
5. NEA will bear the costs of exhumation, cremation, allocated standard niche, standard urn and standard niche plaque with inscription of deceased's name and date of death, or inland or sea scattering of cremated remains. Claimants who wish to add a photograph of the deceased onto the niche plaque may do so by providing the digital photo when notified.

#### Private Arrangements

Claimants who wish to make private arrangements to engage their own contractor to exhume the graves may do so at their own expense. The exhumation contractor will then have to apply for an exhumation permit from NEA by 30 April 2026, and carry out the physical exhumation by June 2026.

**Next-of-kin are encouraged to submit the Claim early.**

**Once the claim is registered, NEA will schedule and notify the claimant on the date of exhumation.**

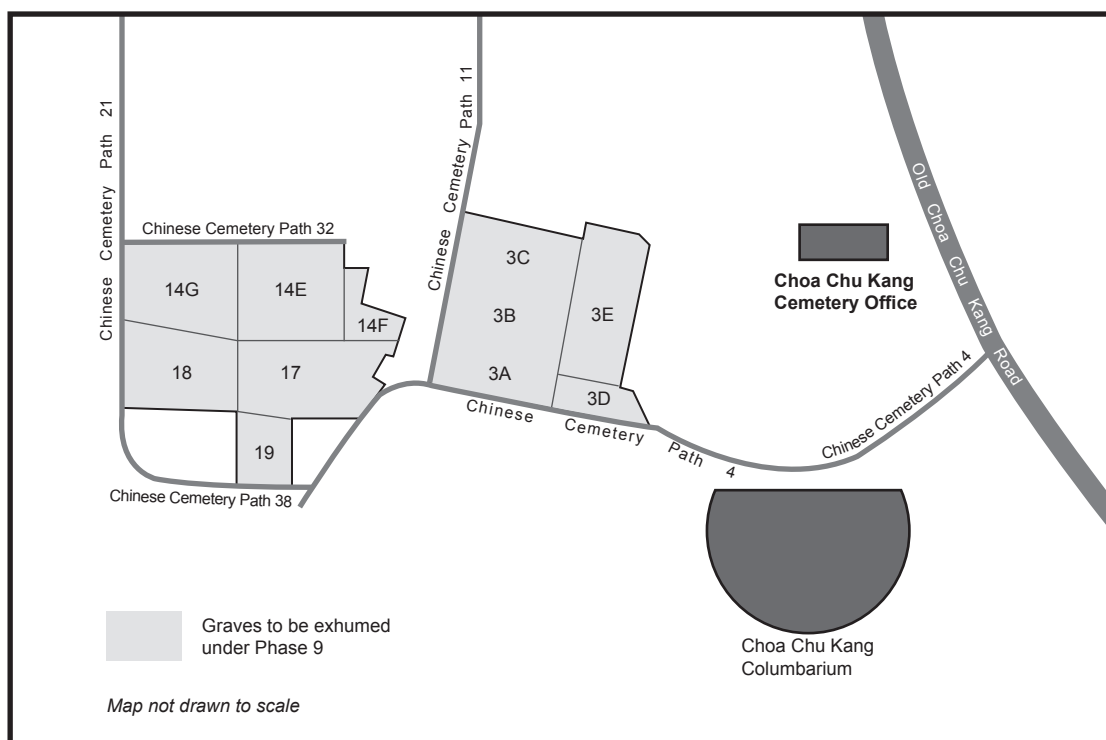

**All graves will be exhumed, and the remains cremated. Unclaimed ashes will be kept for three years before being scattered at sea.**

# 起坟挖掘工程公告

## 新阶段起坟工程将挖掘位于蔡厝港华人坟场内第3A、3B、3C、3D、3E、14E、14F、14G、17、18及19座坟墓

受蔡厝港坟场第 9 阶段起坟挖掘工程所影响的坟墓位于蔡厝港华人坟场内第 3A、3B、3C、3D、3E、14E、14F、14G、17、18 和 19 座坟墓（请参阅地图）。
